

FirstStep.ai

Document Classification Application

Setup Guide

Application version: **Demo Version**

Document Revision: **2022-11-25**

1. Installation

Step 1: Download the latest Server application for Windows (exe) from the Partners site.

Step 2: Double-click to install. We recommend using the default settings.

Step 3: After installation, the following 1 x icon should appear on your desktop. Installation is now complete.

Step 4: The FirstStep.ai Document Classification application will appear as a Windows Service, set to start automatically after installation, and after system reboot (delayed start).

Name	Description	Status	Startup Type
 FirstStep.ai Document Classifier	FirstStep.ai Document Classifier	Running	Automatic (Delayed Start)

2. Opening the Application

Double click the icon on the desktop,

Or alternatively Navigate to <http://localhost:5001/> in a web-browser, and the application should appear.

2. Using the Application

Download example documents (JPG images) from the Partners site.

To demonstrate the application, drag and drop document(s) into the “upload” area, and click process.

The screenshot shows a document upload area with a dashed border. Inside, there is a preview of a technical drawing labeled 'drawing_001.png'. Below the preview is a blue 'Process' button.

Filename	Pages	File Type	AI Classification	Confidence	Pre-processing	AI Duration	Total Time
drawing_001.png		PNG	drawing	94.2%	16.0 ms	54.0 ms	70.0 ms
equipment_manual.pdf	33	PDF	manual (97.0 %) / other (3.0 %)	85.1%	336.5 ms	53.0 ms	389.5 ms
gantt_001.tif		TIFF	gantt	95.4%	4.0 ms	51.0 ms	55.0 ms
manual_001.jpg		JPEG	manual	86.6%	10.0 ms	51.0 ms	61.0 ms
map_001.bmp		BMP	map	95.5%	7.0 ms	50.0 ms	57.0 ms
other_001.jpg		JPEG	other	100.0%	31.0 ms	49.8 ms	80.8 ms
other_002.jpg		JPEG	other	100.0%	9.0 ms	49.0 ms	58.0 ms
wiring.pdf	3	PDF	wiring (100.0 %)	80.3%	121.0 ms	58.0 ms	179.0 ms

Results last updated: **25-11-2022 20:45:39**

The results will show:

- Filename
- Pages (in case of multi-page PDF)
- File Type
- AI Classification (e.g. drawing, schematic, or other)
- AI Classification Confidence
- Processing time (pre-processing, AI processing, and total time)

Notes:

- The production version of this application will include an interface to a 3rd party data source (e.g. file server, or database) for bulk document processing.
